In the new user interface, you can view both the map and tabular data side by side. This ensures you have all the information you need on one page.

- 1 The top navigation bar allows you to create alerts on this vessel and stay up to date with the latest changes in vessel information and position.
- 2 You can scroll down to see more information such as registration. Alternatively you can click on the tabs in the navigation bar to jump to a different section.
- 3 The top navigation bar allows you to jump to movements, incidents, sanctions and ownership information.
